RE: Reference for Pro-Pave, Inc.

To Whom It May Concern:

UTICA Contracting has used Pro-Pave on many projects over the last several years. We have found them to always be competitively priced, with the utmost quality and customer service. They have worked projects which required off hours and weekends and we have never had any issues with them.

Personally, I have known both owners for many years. They are both very honest and upstanding businessmen in our community. Therefore, I would highly recommend them to any other GC looking for a quality paving firm.

Please contact me if you have any questions.

Sincerely,
UTICA Contracting, Inc.
